

2013 PARTICIPANTS' PROFILES

Ecem
from Turkey

Industrial Engineer student
from Middle East Technical University,
Ankara

"I am glad to be an alumnus of Air Liquide Summer School. The event including all activities and presentations was amazing. It was a great pleasure to meet all the other participants. Thank you for everything!"

Justin
from Canada

Chemical engineer student
from McGill University,
Montreal

"I would like to say thank you for such an amazing experience. I have learned a lot about the company and myself within the last week, both which will contribute to my personal development. Furthermore, the group was fantastic which made my time there that much better."

Air Liquide Summer School Company Discovery Program

www.airliquide.com

AIR LIQUIDE sUMMER sCHool

World leader in gases, technologies and services for Industry and Health, Air Liquide is present in 80 countries with close to 50,000 employees. Air Liquide ideas create value over the long term. At the core of the company's development are the commitment and constant inventiveness of its people.

Interested in spending a week in Paris to discover the Air Liquide Group?

The summer school brings top international students together to our Head office in Paris and gives them the chance to explore the Group's diverse operations during an entire week.

The event is held in Paris for one week: from 2nd to 9th of July 2014. The program consists of company presentations, site visits, group discussions, case studies, cultural visit, team building exercises and more!

What's in it for you?

Be one of the top 25 students selected for the summer school and gain invaluable insight into the day to day business and challenges of the Group's diverse operations!

The summer school is truly a bonding experience that allows the students to become actors of their career development and flourish as talented young professionals.

You will be the guest of Air Liquide

Participants are the guests of Air Liquide for the week so all the expenses linked to the activities included in the agenda are supported by the Group:

- Full insurance coverage
- Visa and administrative fees
- Return plane tickets to Paris
- Accommodation, breakfasts and lunches

Other activities that participants may undertake such as sightseeing or shopping will be left at their own expense.

Do you meet the following criteria?

- Over 21 years old and in possession of a valid passport
- In your penultimate or last year of Master's degree studies of Business or Engineering
- Excellent academic record
- Fluent in English
- Strong interest for industrial environment and AL activities
- Adaptable, curious, open-minded and looking for challenges

Then, the Air Liquide Summer School is for you!

What is the process?

The application period for the summer school runs approximately from January to 1st March.

The electronic application form can be obtained:

by writing to the following address:

campus.alc@airliquide.com

Please, submit your application by email attaching:

- your updated resume in English
- the completed application form

If your profile is selected, show how great you are during the interview with your country HR team and become part of the Air Liquide summer school experience!

Good luck!
